

ORION UPGRADE IS COMPLETE!

NYSIM has successfully migrated to new version of its Simulation Management Platform, Orion.

If you require training in the new system please work with your NYSIM Point of Contact to schedule a training session.

We will be posting related user documents on NYSIM basecamp shortly, and your POC will provide you access to these documents.

If you have any questions about the application, please contact us at #SimulationCenterIT@nyumc.org or call (646)501-4000. Thank you for your support and patience during this migration.

NYSIM hosts 44 CUNY faculty for a Faculty Development Course

44 CUNY faculty attended NYSIM Objective Oriented Debriefing Course this past week.

Please contact us at (646) 501-4000 if you would like more information on our faculty development courses.

Critical Care & Emergency Medicine Case Simulation Workshop – Saturday, June 1, 2013

NYU School of Medicine Division of Pulmonary/Critical Care & Department of Emergency Medicine & Division of Toxicology will be conducting a workshop on Saturday, June 1, 2013

The target audience for this program includes critical care specialists (fellows and attendings, senior emergency medicine residents, and emergency medicine attendings. Each participant will help manage a series of simulated cases in four topic areas: 1) Difficult airways; 2) Circulatory shock; 3) Toxicology; 4) Cardiac arrests and medical crises. For more information please contact joanne.choi@nyumc.org

SATURDAY COURSE OBJECTIVE ORIENTED DEBRIEFING COURSE (May 11, 2013)
