INNOVATION

Open Access

A simulated “Night-onCall” to assess and address the readiness-for-internship of transitioning medical students

Adina Kalet^{2,3,6,9,10,11*}, Sondra Zabar^{10,11,3}, Demian Szyld⁴, Steven D Yavner⁷, Hyuksoon Song⁸, Michael W Nick⁶, Grace Ng², Martin V Pusic^{1,3}, Christine Denicola^{10,11}, Cary Blum¹⁰, Kinga L Eliaz⁶, Joey Nicholson⁵ and Thomas S Riles^{2,3,6,9}

In late January 2019, the Society for Simulation in Healthcare (IMSH) held its annual conference for the advancement of simulation in healthcare. At IMSH, simulation professionals come together to network and explore best practices, advances in science and technology in healthcare simulation, and more.

Photo Description: Night-onCall’s recent publication in *Advances in Simulation*

This year, NYU and NYSIM’s Night-onCall (NOC) team was recognized for one such innovation in simulation. NOC researchers recently published the first in a series of manuscripts and projects reporting on the significance of a simulated Night-onCall for medical students transitioning to residency. What began as a research study at NYU has now become a collaboration with several medical schools who are implementing it, or variations of NOC. NOC is now officially part of the NYU undergraduate medical curriculum for near-graduating medical students. Congratulations to all, and great work at #IMSH2019!

NYSIM Highlights:

This month, NYSIM would like to welcome Ms. Porsche Wilder to our Administrative team. Ms. Wilder is an administrative professional with 7 years of experience coordinating administrative functions and supporting leadership. Prior to joining the NYSIM team, Porsche worked as an office administrator for a non-profit organization where she was responsible for general office and leadership support, preparing reports, creating and distributing correspondence, and creating graphic design work. NYSIM is grateful and excited for all that Porsche brings to our Administrative team as our newest Office Assistant (OA). Welcome, Porsche! Good luck and Thank You!

Upcoming Events at NYSIM

Comments, suggestions and questions to NYSIM@nyulangone.org are always welcome to create a better learning and teaching environment for our faculty and learners.

NYSIM Instructor Course 2019

The 3-day NYSIM Instructor Course focuses on debriefing skills and simulation design. Sessions include Objective Oriented Debriefing, Advanced Debriefing Topics and Simulation Scenario Design. Breakfast & lunch are provided.

Please email Soma.Roy@nyulangone.org with questions.

To register click the following link: <http://www.nysimcenter.org/courses/instructor-courses>

July 15—17, 2019 (M/T/W) - Registration Open

August 13—15, 2019 (T/W/TH) - Registration Open

November 5—7, 2019 (T/W/TH) - Registration Open

Maintenance of Certification in Anesthesiology (MOCA) - Simulation Training

This course is available for Board-certified anesthesiologist in the maintenance of certification process. It is a one simulation training course in anesthesia crisis management for those seeking to fulfill their Practice Performance Assessment and Improvement (PPAI) requirement for MOCA. The courses will be held on the following dates:

Sunday, April 14th, 2019 - Registration Open
