

3 Day Course

New York Simulation Center for the Health Sciences (NYSIM)

# NYSIM Fundamentals of Simulation Education (FUSE) Course

CUNY and NYULH faculty and staff ONLY

## 2023 Dates:

January 18-20, March 1-3, July 26-28, August 23-25, November 8-10

9:00AM - 5:30PM

Registration 8:30AM - 9:00AM

## Intended Audience

CUNY and NYULH faculty and staff who wish to improve their simulation education practice

- 12 participants per class
- Certificate of completion at end of class

## Course Synopsis

The 3-day NYSIM FUSE Course is the ideal immersive experience for all levels of simulation instructors. The course focuses on simulation design, management, and debriefing. Logistically it functions as a workshop where participants will gain the tools to take a problem or issue germane to them, craft their own learning objectives for a simulation, write their own case scenario, create their own checklists of simulation performance, pilot their simulation, and engage in debriefing practice all while receiving feedback from a community of educators. Join us and help light the FUSE to spark your simulation-based education!

Questions: Please contact Porsche Scott at [Porsche.Scott@nyulangone.org](mailto:Porsche.Scott@nyulangone.org)

## Course Directors

**Joanne Agnant, MD, MSc**  
Associate Medical Director, NYSIM

**Deepak Pradhan, MD, FCCP, MHPE**  
Associate Medical Director, NYSIM

## Course Objectives

- Explain the theoretical underpinnings of simulation-based education
- Formulate well-designed SMART learning objectives
- Create authentic clinical cases and case checklists
- Manage patient simulators with comfort
- Summarize strategies for conducting effective structured simulation debriefings
- Assess and evaluate outcomes in simulation-based education
- Recognize Diversity, Equity, and Inclusion concerns in simulation education

## Location

NYSIM  
462 First Avenue, 3rd Floor C&D Building  
New York, NY 10016
