NYSIM Presents at the International Meeting on Simulation in Healthcare (IMSH) 2025

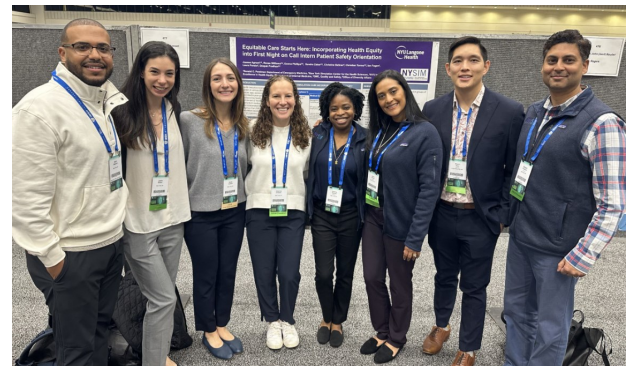

NYSIM Directors, Drs. Laura Penalo, Joanne Agnant, Deepak Pradhan, and numerous NYUGSOM faculty educators attended and facilitated several presentations at the annual International Meeting on Simulation in Healthcare (IMSH): Looking Back, Reaching Forward in January 2025. The scientific IMSH Conference explores the latest innovations and best practices in healthcare simulation. IMSH provides the tools and resources healthcare professionals need to advance their skills, impact change in delivery systems and practice, and, ultimately, to improve patient safety.

Additionally, the **February NYSIM Simulation Educators Network (SEN) meeting** featured insightful presentations from **Laura Penalo** and **Sepi Mehri**, who shared highlights from their IMSH 2025 work. The sessions sparked lively and heartfelt discussions, highlighting key takeaways from the conference and offering guidance for those interested in presenting at IMSH in the future.

NYSIM Directors and the NYUGSOM faculty presented/facilitated the following presentations:

- Research Oral Presentation:** Effects of the Virtual Simulation Prebriefing-Debriefing Educational Strategy on Nursing Students' Self-Efficacy and Virtual Simulation
Facilitator: Laura Penalo
- Workshop:** Incorporating Workplace Culture and Patient Safety into Existing Simulation Cases: A Pragmatic Approach
Facilitators: Deepak Pradhan, Joanne Agnant, Laura Penalo, David Kessler and Bart Bailey
- Workshop:** Ready, Set, Consider: A Novel Approach to Using 'No-Go Considerations' In Curriculum Design for Translational Simulations
Facilitators: Michael Meguerdichian, Kimberly Campbell-Taylor, Tricia Yusaf, Dana Trotter, Daisy Grueso, Manjola Laci, **Sepideh Mehri**, Crystal Wallace-Simpson

NYSIM extends congratulations to the NYSIM Directors and the NYUGSOM faculty educators/researchers!

News at NYSIM

NYSIM Welcomes New Simulation Operations Associate (SOA)!

NYSIM is thrilled to announce that Seyi Kanagui has joined our SIM team as an SOA! Seyi is a graduate of the University of California, Riverside, where he earned a degree in Economic Administrative Studies with a concentration in Marketing. With over 7 years of experience in operations, management, and logistics in New York City, Seyi pivoted during the pandemic to pursue a certification in Fullstack Software Engineering from Flatiron Bootcamp. He has since worked for 4 years in web development and IT support. As part of the NYSIM team, he aims to continue growing his technical expertise and leadership skills. Outside of work, he enjoys fly fishing, cycling, golfing, running, and playing video games. Please join NYSIM in extending a warm welcome to Seyi!

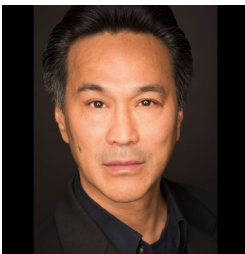

NYSIM Welcomes New Standardized Participants to the Team!

NYSIM employs 130+ per-diem Standardized Participants (SPs). Our SPs portray a wide variety of cases and roles, such as patients, family members, learners, and health professionals. They are trained to provide written and verbal feedback to learners at all levels. NYSIM has a case library of 350 SP cases for directors to easily retrieve and share as a resource with the education community.

For SP contact information, submit a referral request here: <http://nysimcenter.org/standardized-participant-referral-request>

NYSIM Virtual Hot Topics in Simulation Education Symposium

NYSIM is pleased to announce that video recordings from the Virtual Hot Topics in Simulation Education Symposium: Leveraging Artificial Intelligence to Advance Simulation-Based Health Professions Education are now available on our website.

Visit <https://nysimcenter.org/symposium/hot-topics> to view the recordings from the recent and past symposiums!

NYSIM Instructor & Program Coordinator Experience Survey

The new **NYSIM Instructor and Program Coordinator Experience Survey** provides us with valuable feedback that we can use to enhance our systems, operations, and technological advances. We invite you to complete it every time you complete a program at NYSIM. NYSIM is committed to providing you and your learners with an optimal education experience.

We look forward to hearing from you!

Scan the QR code below to be directed to the survey:

Teaching at NYSIM

If you are interested in holding a program at NYSIM, please visit the link below to request a program: <http://nysimcenter.org/request-new-program>

Submit an education consult request to meet 1:1 with a Director who can answer questions, and help you develop your new or existing program! <http://nysimcenter.org/request-simulation-education-consult>

Comments, suggestions and questions to NYSIM@nyulangone.org are always welcome to create a better learning and teaching environment for our faculty and learners.

Upcoming Events at NYSIM

NYSIM Fundamentals of Simulation Education (FUSE) Course 2025

The 3-day NYSIM FUSE Course is the ideal immersive experience for all levels of simulation instructors. The course focuses on simulation design, management, and debriefing. Logistically it functions as a workshop where participants will gain the tools to take a problem or issue germane to them, craft their own learning objectives for a simulation, write their own case scenario, create their own checklists of simulation performance, pilot their simulation, and engage in debriefing practice all while receiving feedback from a community of educators. Join us and help light the FUSE to spark your simulation-based education!

The course will continue to be held live and onsite at NYSIM. <http://nysimcenter.org/>

2025 FUSE registration is open!

July 9 - 11, 2025: Wednesday - Friday - waitlist only

August 6 - 8, 2025: Wednesday - Friday - open seats

To register for an open seat or request a spot on the waitlist click the following link:

<http://www.nysimcenter.org/courses/instructor-courses>

You will be contacted by Porsche Scott (Porsche.Scott@nyulangone.org) to confirm your placement status. Please email Porsche Scott or nysim@nyulangone.org with any questions.

NYSIM Simulation-Based Education (SBE) Modules

NYSIM SBE Modules offers great opportunities to explore basic simulation-based education concepts, simulation modalities, simulation instructional design, and standards of best practices in simulation. To access the NYSIM SBE Modules, please visit: <https://nysimcenter.org/sbe>

News at NYSIM

The New York Simulation Center (NYSIM) is committed to supporting safe operations for all learners, faculty & staff.

Food and drinks are not permitted at NYSIM. Please remind your learners to refrain from bringing food to NYSIM, and ask them to store food and drink in their backpack or a locker. Thank you for your help in maintaining a clean environment.

Masks are now optional at NYSIM. The new masking safety guidelines have been updated to align with NYU Langone Health policy and reflect Department of Health recommendations. We will continue to make masks available at the front desk. We ask that anyone with fever, cough, or other flu and COVID-like symptoms not come to NYSIM.

Programs may elect to require masks for SP's, learners and faculty. This will be at the discretion of the program, and the responsibility of the program to communicate and enforce mask-wearing with the participants.

If anyone has any questions/concerns they should contact NYSIM@nyulangone.org. Leadership at NYSIM will respond promptly to the email.

***Thank you,
NYSIM Team***
