NYSIM Highlights: Team Leadership Update

NYSIM is pleased to announce that Cynthia Reyes has been promoted to the Simulation Program Manager! Cynthia has been a valuable member of NYSIM since joining in 2017 as the Simulation Operations Specialist. She has proven to be an effective leader, consistently demonstrating her expertise in simulation-based education. With her exceptional communication, decision making, strategic thinking and adaptability attributes, Cynthia ensures the effectiveness and success of all simulation programs at NYSIM.

Prior to joining NYSIM, Cynthia had professional training as a Licensed Practical Nurse and participated in specialized coursework in the field of nursing during her high school years. In 2014, she received her Bachelor of Art in Psychology at CUNY Hunter College. During her time at CUNY Hunter College, she had the opportunity to work as a Simulation Facilitator for Hunter's Nursing Department. Working as a Simulation Facilitator allowed her to collaborate with nursing educators and prospective nursing students. Cynthia recently received her certification from the Society for Simulation in Healthcare (SSH) for the Certified Healthcare Simulation Operation Specialists (CHSOS).

We are incredibly proud of Cynthia's achievements and well-deserved promotion. We look forward to all of her future accolades in this new role. Congratulations, Cynthia!

NYSIM Highlights: Farewell Celebration

NYSIM would like to recognize and thank our former Simulation Program Supervisor, Pablo Heredia, for his dedication and service to our team and community. Pablo has recently transitioned to a per diem SOA while he continues higher education full-time. Pablo has demonstrated exceptional leadership, organization, and teamwork during his tenure as program supervisor. We are proud of Pablo's accomplishments and contributions to NYSIM's mission and vision. NYSIM is deeply thankful for the expertise, joy, and care he has shown our team over the years. Congratulations, Pablo! We're excited to witness your continued growth you as you embark on this next chapter in your career!

News at NYSIM

NYSIM Highlights: New Equipment

NYSIM would like to introduce our new high-fidelity patient simulators to the NYSIM community! Our new manikins provide our NYU Grossman School of Medicine (NYUGSOM) and the City University of New York (CUNY) undergraduate, graduate and continuing medical education learners with superb medical training for simulated nursing, paramedic, medical assistant and hospital-based programs.

Madison
SimBaby Light

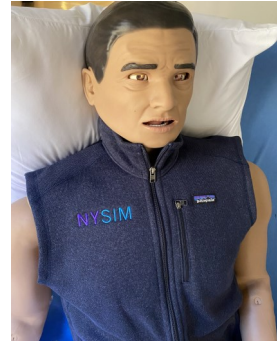

SimBaby Key features:

- Wireless pediatric 9-month-old SimBaby simulator
- QCPR technology for effective monitoring and improvement of CPR performance
- Integrates debriefing to capture, share and analyze training sessions to improve team performance
- IO lower left and right leg modules

Meet our Manikins!

Avery
SimMan 3G PLUS Dark

Alex
SimMan 3G PLUS Medium

Taylor
SimMan 3G PLUS Dark

SimMan 3G PLUS Key features:

- Full body SimMan 3G PLUS manikins
- Interchangeable head skins to reflect a range of simulated patients
- Articulating arms and LiveShock; includes SimMan arm adapter
- Set of male, female and blank genitalia
- Defib ECG tightener
- Lung compliance O-ring
- IO humeral bone and pads

NYSIM Newsletter Scholarship
Submission

NYSIM Scholarship Spotlight!

Have you presented or published scholarship related to simulation education? We're inviting faculty, scholars, and educators to submit their simulation-based research, presentations, and publications to be featured in an upcoming NYSIM Newsletter.

Share your contributions and inspire the educator community! Submit your work by completing the online form via the QR code to the left.

News at NYSIM

NYSIM Annual Report—FY2024

NYSIM would like to announce the publication of our fourth Annual Report. The fiscal year 2024 annual report summarizes the accomplishments of our educational and faculty professional development programs, staff professional development achievements, engagement activities, and scholarships. We sincerely thank the directors and staff members for their invaluable contributions and providing exemplary support to all of our programs. Congratulations to the NYSIM team for an extraordinary fiscal year 2024!

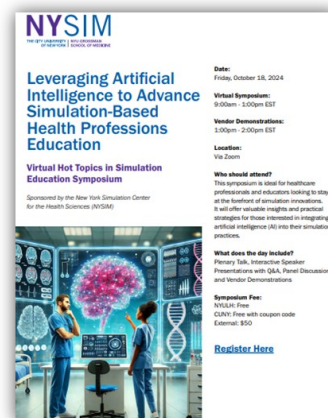

The current Annual Report is included as an email attachment to this Newsletter. Past annual reports can be accessed here: <https://nysimcenter.org/annual-reports>.

NYSIM Virtual Hot Topics in Simulation Education Symposium

NYSIM is pleased to announce that video recordings from the Virtual Hot Topics in Simulation Education Symposium: Leveraging Artificial Intelligence to Advance Simulation-Based Health Professions Education are now available on our website.

Visit <https://nysimcenter.org/symposium/hot-topics> to view the recordings from the recent and past symposiums!

NYSIM Instructor & Program Coordinator Experience Survey

The new **NYSIM Instructor and Program Coordinator Experience Survey** provides us with valuable feedback that we can use to enhance our systems, operations, and technological advances. We invite you to complete it every time you complete a program at NYSIM. NYSIM is committed to providing you and your learners with an optimal education experience.

We look forward to hearing from you!

Scan the QR code below to be directed to the survey:

Upcoming Events at NYSIM

NYSIM Fundamentals of Simulation Education (FUSE) Course 2025

The 3-day NYSIM FUSE Course is the ideal immersive experience for all levels of simulation instructors. The course focuses on simulation design, management, and debriefing. Logistically it functions as a workshop where participants will gain the tools to take a problem or issue germane to them, craft their own learning objectives for a simulation, write their own case scenario, create their own checklists of simulation performance, pilot their simulation, and engage in debriefing practice all while receiving feedback from a community of educators. Join us and help light the FUSE to spark your simulation-based education!

The course will continue to be held live and onsite at NYSIM. <http://nysimcenter.org/>

2025 FUSE registration is open!

August 6 - 8, 2025: Wednesday - Friday - waitlist only

To register for an open seat or request a spot on the waitlist click the following link:

<http://www.nysimcenter.org/courses/instructor-courses>

You will be contacted by Porsche Scott (Porsche.Scott@nyulangone.org) to confirm your placement status. Please email Porsche Scott or nysim@nyulangone.org with any questions.

NYSIM Simulation-Based Education (SBE) Modules

NYSIM SBE Modules offers great opportunities to explore basic simulation-based education concepts, simulation modalities, simulation instructional design, and standards of best practices in simulation. To access the NYSIM SBE Modules, please visit: <https://nysimcenter.org/sbe>

News at NYSIM

The New York Simulation Center (NYSIM) is committed to supporting safe operations for all learners, faculty & staff.

Food and drinks are not permitted at NYSIM. Please remind your learners to refrain from bringing food to NYSIM, and ask them to store food and drink in their backpack or a locker. Thank you for your help in maintaining a clean environment.

Masks are now optional at NYSIM. The new masking safety guidelines have been updated to align with NYU Langone Health policy and reflect Department of Health recommendations. We will continue to make masks available at the front desk. We ask that anyone with fever, cough, or other flu and COVID-like symptoms not come to NYSIM.

Programs may elect to require masks for SP's, learners and faculty. This will be at the discretion of the program, and the responsibility of the program to communicate and enforce mask-wearing with the participants.

If anyone has any questions/concerns they should contact NYSIM@nyulangone.org. Leadership at NYSIM will respond promptly to the email.

***Thank you,
NYSIM Team***
