NYSIM Scholarship

NYSIM is proud to highlight several presentations from the Northeast Group on Educational Affairs (NEGEA) 2024 Annual Conference! This year the conference theme was *Cultivating Creativity and Collaboration: Unleashing Innovation in Medical Education*. NYSIM and our directors had multiple presentations:

- **First Night on Call (FNOC)**
 - “From Student to Intern, Witness to Upstander: Preparing Incoming Interns to Respond to Discriminatory Patient Behavior through Simulation.” Dr. Christian Torres and NYSIM directors
 - “Equitable Care Starts Here: Incorporating Health Equity into First Night on Call Intern Patient Safety Orientation.” Drs. Joanne Agnant, Renee Williams, and Deepak Pradhan
- “Fundamentals of Simulation Education Course: Lighting the FUSE to Spark Simulation Best Practices.” Drs. Deepak Pradhan, Joanne Agnant, and Laura Penalo
- “POCUS for Pulmonologists: Fellow-Designed Longitudinal Point-of-Care Ultrasound Course Crafted through Four-Component Instructional Design.” Drs. Deepak Pradhan and Jordan Talan
- “Fellows Teaching Faculty: A Qualitative Study Exploring Reverse Educational Distance Near-Peer Education.” Dr. Deepak Pradhan. Dr. Pradhan received the award for **best oral abstract** for this presentation!

NYSIM Highlights: Berenson POCUS Olympics!

NYSIM extends congratulations and a huge thank you to Dr. Michael Janjigian for a fantastic Berenson Distinguished Scholar Day. NYSIM hosted the POCUS Olympics on-site, a fun competition in which teams test their integration of physical examination, clinical reasoning and ultrasound skills. Some stations included blindfolded ultrasound, darts, and ping pong. NYSIM’s Director of the Standardized Patient Program, Dr. Sandy Zabar, even got to be an SP at the POCUS Olympics! Over 100 people attended the Department of Medicine Grand Rounds, and 30 at the Research Round Table. Participants capped off the day with a wonderful gathering to honor Mike and Dr. Murray Berenson at Ostrica Wine & Oyster Bar.

News at NYSIM

NYSIM Staff Professional Development

NYSIM congratulates several of our team members on the successful completion of their Leadership Development Programs (LDP) this year! Porsche Scott, Sean Overstreet, and Ginny Drda graduated from the Team LDP while Katie Allen and Ryan Zurich graduated from the Manager LDP. Both programs offer robust, professional development trainings on a broad range of topics such as emotional intelligence, change management, and crucial conversations. Please join us in congratulating Porsche, Sean, Ginny, Katie and Ryan!

Remembering Our Esteemed SP Colleagues

It is with heavy hearts that we share the sad news of the passing of a few of our Standardized Participants: [Douglas Hartwyk](#), [Christopher McHale](#), and [Mierre](#). They were cherished SPs and colleagues who will be dearly missed. We are honored to have known them and worked with them. We extend our sincere condolences to their family, friends, and our SP community.

Teaching at NYSIM

If you are interested in holding a program at NYSIM, please see the link below to request a program: <http://nysimcenter.org/request-new-program>

Submit an education consult request to meet 1:1 with a Director who can answer questions, and help you develop your new or existing program! <http://nysimcenter.org/request-simulation-education-consult>

Comments, suggestions and questions to NYSIM@nyulangone.org are always welcome to create a better learning and teaching environment for our faculty and learners.

Upcoming Events at NYSIM

NYSIM
THE CITY UNIVERSITY OF NEW YORK | NYU GROSSMAN SCHOOL OF MEDICINE

The New York Simulation Center
for the Health Sciences (NYSIM)

Virtual Hot Topics in Simulation Education Symposium

Artificial Intelligence to Advance Healthcare Simulation

Featuring Plenary Speaker

Marc Triola, MD

Associate Dean for Educational Informatics
Director, Institute for Innovations in Medical Education
NYU Grossman School of Medicine

Save the Date

Friday, October 18, 2024

9:00 am to 1:00 pm EST

More details & registration info to follow!

NYSIM Simulation-Based Education (SBE) Modules

NYSIM SBE Modules offers great opportunities to explore basic simulation-based education concepts, simulation modalities, simulation instructional design, and standards of best practices in simulation. To access the NYSIM SBE Modules, please visit: <https://nysimcenter.org/sbe>

Upcoming Events at NYSIM

NYSIM Fundamentals of Simulation Education (FUSE) Course 2024

The 3-day NYSIM FUSE Course is the ideal immersive experience for all levels of simulation instructors. The course focuses on simulation design, management, and debriefing. Logistically it functions as a workshop where participants will gain the tools to take a problem or issue germane to them, craft their own learning objectives for a simulation, write their own case scenario, create their own checklists of simulation performance, pilot their simulation, and engage in debriefing practice all while receiving feedback from a community of educators. Join us and help light the FUSE to spark your simulation-based education!

The course will continue to be held live and onsite at NYSIM. <http://nysimcenter.org/>

2024 FUSE registration is open

July 17 - 19, 2024, Wednesday through Friday—closed

August 21 - 23, 2024, Wednesday through Friday—waitlist only

To register for an open seat or request a spot on the waitlist click the following link:

<http://www.nysimcenter.org/courses/instructor-courses>

You will be contacted by Porsche Scott (Porsche.Scott@nyulangone.org) to confirm your waitlist status. Please email Porsche Scott with any questions.

News at NYSIM

The New York Simulation Center (NYSIM) is committed to supporting safe operations for all learners, faculty & staff.

Food and drinks are not permitted at NYSIM. Please remind your learners to refrain from bringing food to NYSIM, and ask them to store food and drink in their backpack or a locker. Thank you for your help in maintaining a clean environment.

Masks are now optional at NYSIM. The new masking safety guidelines have been updated to align with NYU Langone Health policy and reflect Department of Health recommendations. We will continue to make masks available at the front desk. We ask that anyone with fever, cough, or other flu and COVID-like symptoms not come to NYSIM.

Programs may elect to require masks for SP's, learners and faculty. This will be at the discretion of the program, and the responsibility of the program to communicate and enforce mask-wearing with the participants.

If anyone has any questions/concerns they should contact NYSIM@nyulangone.org. Leadership at NYSIM will respond promptly to the email.

***Thank you,
NYSIM Team***
