NYSIM Highlights: 2023 ASPE Conference Presentation

This summer NYSIM's SP Educator, Ginny Drda, and NYUGSOM SP Educator, Meg Anderson, co-presented "Selecting and Hiring Top Notch Standardized Participants: Expanding, Diversifying, and Strengthening an SP Workforce" at the Association of Standardized Patient Educator (ASPE) conference in Portland, Oregon! ASPE is the global network for human simulation education, which hosts an annual meeting to discover and share innovations and best practices within the international SP Educator community. Ginny and Meg shared our new screening and interviewing model in their presentation which was well-attended and very well-received! Special thanks to NYSIM co-authors: Brielle Blatt, Katie Allen, Katie Tame, Joanne Agnant, Donna Phillips, and Sandy Zabar.

Ginny co-presented two additional workshops with colleagues from New York, Baltimore, and Philadelphia including "Managing SP Burnout: Causes, Signs and Symptoms, Solutions" which initiated rich discussion and shared strategies for SP wellness, as well as "Develop SP Core Competencies through Narrative Medicine" which ignited curiosity, deepened listening skills, and inspired creativity and connection in the SP Educator community. Ginny and Meg look forward to sharing what they learned with NYSIM's educator community. Please join us in congratulating Ginny and Meg for their latest scholarly contributions!

NYSIM Simulation-Based Education Modules: Now Live!

NYSIM has published eight online modules that explore basic simulation-based education concepts, simulation modalities, simulation instructional design, and standards of best practices in simulation (Prebriefing and Debriefing). After completing these modules, you will gain foundational knowledge and tools to implement your simulation program here at NYSIM or at your home institution.

To access the modules, please visit our website here:

<https://nysimcenter.org/sbe>

Teaching at NYSIM

If you are interested in holding a program at NYSIM, please see the link below to request a program:

<http://nysimcenter.org/request-new-program>

Submit an education consult request to meet 1:1 with a Director who can answer questions, and help you develop your new or existing program!

<http://nysimcenter.org/request-simulation-education-consult>

Modules Content:

Self-Paced On-Demand E-Learning

- Introduction to NYSIM
- What is Simulation?
- Simulation Modalities
- Intro to Manikin-Based Simulation
- Intro to Procedural Simulation
- Intro to Simulation Instructional Design
- Simulation-Based Education Best Practices: Prebriefing and Debriefing

Upcoming Events at NYSIM

Comments, suggestions and questions to NYSIM@nyulangone.org are always welcome to create a better learning and teaching environment for our faculty and learners.

NYSIM Fundamentals of Simulation Education (FUSE) Course 2023-2024

The 3-day NYSIM FUSE Course is the ideal immersive experience for all levels of simulation instructors. The course focuses on simulation design, management, and debriefing. Logistically it functions as a workshop where participants will gain the tools to take a problem or issue germane to them, craft their own learning objectives for a simulation, write their own case scenario, create their own checklists of simulation performance, pilot their simulation, and engage in debriefing practice all while receiving feedback from a community of educators. Join us and help light the FUSE to spark your simulation-based education!

The course will continue to be held live and onsite at NYSIM. <http://nysimcenter.org/>

November 8 - 10, 2023, Wednesday through Friday—Waitlist only

2024 FUSE registration will open on Monday, October 2nd, 2023

January 10 - 12, 2024, Wednesday through Friday

February 14 - 16, 2024, Wednesday through Friday

July 17 - 19, 2024, Wednesday through Friday

August 21 - 23, 2024, Wednesday through Friday

To request a spot on the waitlist click the following link:

<http://www.nysimcenter.org/courses/instructor-courses>

You will be contacted by Porsche Scott (Porsche.Scott@nyulangone.org) to confirm your waitlist status. Please email Porsche Scott with any questions.

News at NYSIM

The New York Simulation Center (NYSIM) is committed to supporting safe operations for all learners, faculty & staff.

Masks are now optional at NYSIM. The new masking safety guidelines have been updated to align with NYU Langone Health policy and reflect Department of Health recommendations. We will continue to make masks available at the front desk. We ask that anyone with fever, cough, or other flu and COVID-like symptoms not come to NYSIM.

Programs may elect to require masks for SP's, learners and faculty. This will be at the discretion of the program, and the responsibility of the program to communicate and enforce mask-wearing with the participants.

Food and drinks are not permitted at NYSIM. Please remind your learners to refrain from bringing food to NYSIM, and ask them to store food and drink in their backpack or a locker. Thank you for your help in maintaining a clean environment.

If anyone has any questions/concerns they should contact NYSIM@nyulangone.org. Leadership at NYSIM will respond promptly to the email.

***Thank you,
NYSIM Team***
